
BILL HENLEY'S dinner last Thursday turned out to be an outstanding event. Between 600 and 800 people were in attendance at the affair which was held in the pavilion at the county fairgrounds.

It was well-organized and despite the milling mobs all there seemed to enjoy themselves.

We thought Bud Jolimay, as master of ceremonies, did a top-notch job in keeping the program moving at a fast pace and the speaker of the evening, Dr. William Rogers, hit the right note in his talk.

All in all it was well done.

Some of you might recall that last week in this column we cautioned that it is easy to sort of get "sticky" at these retirement affairs and they could sound like an obituary presentation.

In Bill's case, we warned, this would be 'way off base', for the guy gives the appearance of just starting on a career, not ending one. And maybe he is.

We were pleased to report to a beaming Howard Guilbert, school board president, who recalled our words in the column last week that our warning had been unnecessary.

The ambitious community-wide social event that honored Bill so fittingly went off in great style.

It wasn't a bit funerally.

No one could conceivably compare it to a wake.

ONE OF THE PRESENTATIONS made at the dinner was the resolution adopted by the City Council and offered by Mayor Charles Rose which proclaimed Friday, June 6, as "Bill Henley Day" in Campbell.

That was a nice gesture by the city.

Bill also received recognition from the Little League, the Chamber of Commerce and fellow educators.

Among his many gifts was an order on a hardware store that should allow Bill to puruse his hobby of woodworking more extensively.

But he didn't receive anything for his golf game.

That's where we should have stepped in.

We have a slightly-used golf towel in our possession that should have been given to the honored guest at the dinner.

We found it on a golf course recently and we think Bill would have appreciated it. It is a snappy red number with the name "Bill" emblazoned on it.

He really should have it, too. After all Bill is the one who lost it.

But we are holding it until after June 30 when Bill should have more time to improve his game.

Campbell Ave. improvement

Ribbon-cutting Thursday officially dedicates street

Campbell's most ambitious street improvement project to date, the widening of Campbell Ave., from Winchester to the western city limits gets the official blessing of civic officials this Thursday, June 10.

A ribbon-cutting ceremony with Chamber of Commerce and city officials participating will take place at 10:45 a.m. at the Campbell Ave. - Winchester Blvd., intersection.

Councilman Bob McElroy is scheduled to be the chief wielder of the giant-sized shears that will snip the 90-foot ribbon.

Following the snipping, a motorcade will form in which will be county, San Jose, Campbell and C of C officials and representatives of the various shopping centers in the area.

The caravan will move westward to the city limits and then back to The Prelude restaurant in the Kirkwood Plaza where the regular monthly Chamber of Commerce luncheon meeting will be held.

Featured speaker at the luncheon will be the Rev. Billy Pate, chaplain at the county jail. Rev. Pate will present a program about the rehabilitation of released prisoners. Oscar Sorenson is the program chairman.

The Rev. Pate was formerly pastor of the First Baptist Church of Campbell, leaving here in 1963 to accept the position of jail chaplain. He has worked closely with the rehabilitation program of the sheriff's department.

The $350,000 Campbell Ave. street project, although primarily a Campbell undertaking has had the joint cooperation of the county and San Jose. Part of the area traversed by the street is within the city limits of San Jose and it includes the intersection of San Tomas Expressway that is yet to be completed. This also involves the changing of the San Tomas Creek channel and a new bridge.

Also participating in the street improvement job was Sanitation District No. 4 and other county agencies.

Another major street improvement project by the city is the final stages of construction, the Hamilton Ave. extension. The contract for the first phase of this project calls for an expenditure of almost $200,000.

Virtually completed also is a smaller street improvement job, the widening and paving of Esther Ave. and part of Latimer.

This month during the city council budget sessions, the street improvement projects for the next fiscal year will be outlined. Under discussion will be the widening of Bascom from Hamilton to Campbell, the widening of Budd from Winchester to Virginia and the improvement of Campbell Ave. from Winchester to Harrison.

CONCERT TONIGHT --Campbell Elementary School will be host tonight (Wednesday) at the spring concert which will feature numbers by the girls glee club, band and orchestra. A highlight of the program will be the "honors orchestra" (above) which is made up of student musicians from the other elementary schools in the district. Three different teachers, Charles Pyle, Ed Tonini and Wally Johnson, will take turns directing the group. Admission is 50 cents for adults and 25 cents for children.

This Saturday at 11 a.m.

City to dedicate park

Formal dedication ceremonies will be held this Saturday, June 12 at 11 a.m. at the city-owned Virginia Park (on San Tomas Creek on Virginia Ave. at Rincon.)

The one-acre strip, which is operated as a children's playground was a gift of Mrs. Ann Sobrato in memory of her husband.

The playground equipment was financed by the Campbell Rotary Club.

Mrs. Sobrato and the Rotary Club will be honored at the ceremony Saturday by a plaque that will be unveiled.

Revolving sign hits snag at Planning Commission

Signs on downtown Campbell stores should not revolve, the Planning Commission ruled Monday night in denying the application for a two-faced pole sign for Blendwell Interiors at Campbell Ave. and Third St.

The firm, through Blaze Neon Co., had applied for three neon signs for Blendwell's, two of them attached to the building and the third that would turn on a pole at a total overall height of 45-feet.

The planners approved two of the signs but ruled that the revolving sign was not in keeping with the harmonious development of the area.

The planners at the same meeting also went against the applicant in a zone change request. Ann Russo, owner of property at the northwest corner of W. Campbell Ave. and the extension of Superior Drive, had requested that the parcel be changed from its present R-1 (residential) status to C-2-S. The planning staff of the city had recommended that the area be zoned R-2-S for the upper portion and R-3-S.

Despite the statement of Norman Shaw, representing the applicant that if they couldn't get C-2-S they wished the parcel to remain R-1-S, the planners approved the rezoning of the property as recommended by the staff.

City Planner Richard Hogan explained that the R-3-S zoning to a depth of 130-feet on Campbell Ave. allowed for the development of the same density of the existing zoning on Campbell Ave. and R-2-S of the remaining portion would coincide with adjacent zoning. Shaw indicated that a service station was

HAPPY FAMILY--Most pleasant surprise at the testimonial dinner for Bill Henley, retiring school superintendent, which was attended by more than 600 well-wishers, was a family reunion. Friends of the Henley's arranged air transportation for their daughter, Mrs. Janice Sharp, from Dallas, Texas and their son, Jerrold, from Sonora. Present also at the affair were the mothers of both Mr. and Mrs. Henley, as well as other close relatives. The proud and happy Mr. and Mrs. Bill Henley with their son and daughter are pictured above.

Tributes from many sources were paid Henley at the dinner who ends 21 years at the helm of the local elementary schools on June 30. During his tenure the district has "exploded" from one school with 1000 students to 19 schools today enrolling almost 11,000. One of the most unique gifts presented to the retiring superintendent was his desk chair presented on behalf of the trustees by Howard Guilbert, board president.

ON THEIR WAY--Campbell Shopping Center at Winchester and Latimer in cooperation with Shony's Vacationland at Winchester and Stevens Creek, will stage a gala vacationland boat show at the shopping center in Campbell this Thursday-Friday-Saturday, June 10-11-12. On display will be a variety of boats ranging from runabouts to cruisers. Merchandise orders and cash discounts up to $9000 will be offered on boats sold during the three-days. Pictured in a cruiser is Bill DeBruin, sales manager for Shony's.

Tentative city budget gets airing next Monday

Campbell's $2 million budget for the next fiscal year will have its first public airing at a public hearing next Monday, June 14, at the city hall.

The City Council plans to set a series of budget sessions during the rest of the month when the "unbalanced" budget will be cut down to size. The schedule calls for the final budget to be adopted on June 28.

At Monday's meeting, those having any questions on the proposed expenditures for next year will have the opportunity to make their desires known. The public is also invited to attend the other budget hearings that will be held.

The biggest job for the council will be to set up a priority schedule for capital improvements for the next fiscal year. Listed in the tentative budget are projects covering a three-year period.

The council will also receive the fire rating report on the recommended fire zones for the downtown area.

Council members are also expected to discuss possible appointments to the Planning Commission. To be filled is the vacancy created by the resignation of Ed Stojanovich. Commissioner Harry Lee's term also expires in August.

Editorial

Those priorities

The Campbell City Council has its work cut out for it this month. The city budget must be pared extensively.

It is not unusual for tentative budgets to be cut before they are finally adopted. In fact this is the rule and not the exception. (It is pretty rare when a tentative budget is increased).

But what makes the city budget this year somewhat different is that the budget that has been submitted by the city manager has been tabbed an "unbalanced" budget. This was done on purpose.

It is somewhat a new approach to the fiscal operation of a city.

What makes it "unbalanced" is that it includes major capital improvements covering a period of more than one year. It is quite obvious to all concerned that when three years of capital improvements are included, a budget will not be balanced.

But we see nothing wrong with this approach.

Council members in their budget study sessions this month will establish a priority basis for the improvements that can be made during the next fiscal year.

They will weigh the merits of the various projects. Then they will come up with what appears to be the most important ones that can be done from next year's revenue.

Establishing priorities will be difficult. Naturally some will favor certain projects while others will feel that another spot should get the nod.

This is especially true when it comes to street improvements.

Our observation has been that a person's opinion of what streets need improvements is in direct relation to the streets that person travels consistently.

There is nothing wrong with that philosophy from the average citizen's point of view. But the city staff has to be a little more definite. City councilmen and city hall personnel represent the entire city and not segments of it.

Listed among the street improvement projects is the widening of Bascom Ave. from Hamilton to Campbell, at an estimated cost of $56,000; the widening of Budd Ave. from Virginia to Winchester, $33,000 and the improvement of Campbell Ave. from Winchester to Harrison, $50,000.

Most of us are agreed, we believe, that Campbell Ave. from Winchester to Harrison should be improved. Sooner or later it must be done. But there is a question of timing involved.

Under discussion for some time has been the development of a parking district on Campbell Ave. and the general all-around improvement of the business district.

As much as Campbell Ave. needs improvement now, it probably would make for good sense to delay such improvement until the parking district and other aspects of the overall picture are more in focus.

With the completion of the San Tomas Expressway, Budd Ave. traffic will increase and thus the importance of this particular thoroughfare will become apparent in the traffic flow. Thus widening Budd from Virginia to Winchester probably will get a pretty high priority.

The widening of Bascom also should be high on the list, for this street is carrying more and more traffic. San Jose intends to improve Bascom to Hamilton next year, it is understood, and this makes it even more important.

Campbell has become "big business". More than $700,000 for example, will be spent on salaries alone next year.

So no matter where the council pares, we can be assured that next year's budget will be the biggest in the city's history.

The Henleys say thanks

Dear George:

The undersigned would appreciate very much if you could publish the following statement in the Campbell Press at as early a date as possible:

Citizens and Friends of
Campbell Union School District

"Mrs. Henley and I wish to express our sincere thanks for your part in the very wonderful retirement party given us Thursday, June 3, 1965. The turn out was large, the dinner excellent, the recognitions and gifts were wonderful--all of which was topped by the presence of our children--made possible through the actions of the committee, with your help.

"We were completely overwhelmed by the whole affair, and have difficulty in finding adequate words to properly thank you.

"We will continue to make our home in this community, and will be interested in the affairs of school and community for years to come.

"We will long remember the 'enchanted evening' given us last Thursday."

Cordially,

not uncommon. The records at the police department will reveal that.

But it is a trifle unusual to have a bike stolen in broad daylight from one's garage while you are sitting in the house.

That's what happened recently at the TONY RAFFANTI residence on N. Central. But the young thief didn't get very far.

Tony's grandsons were visiting him on Memorial Day and one of their bikes was missing when they went to go home. A short time before Tony had heard the garage door slam but thought it was the wind. It wasn't.

So off Tony went in his car, knowing that the thief couldn't have gotten very far.

Sure enough Tony located a teen-ager riding his grandson's bike right in the middle of town. He cornered the guy next to our office and called the cops.

The youngster dropped the bike and took off before the police got there. The bicycle was undamaged.

The kid was later apprehended by the police.

Fast action by Tony in this case and the cooperation of the cops thwarted this one theft.

But we are still amazed at the gall of the youngster who swiped the bike at that time of day.

That's getting mighty bold.

STATION PLANS

In another matter before the commission, affecting proposed service stations, Hogan's recommendation was at variance with the applicants. Hogan maintained that the plans submitted by developers, Chez and Grattan, for two service stations only in a P-D (planned development) zone did not coincide with the concept of planned development for an entire area.

Fred Chez and Lowell Grattan, who were present, maintained that they would be willing to submit tentative plans showing the entire development but explained that the service stations were ready to go, whereas the other construction was subject to change depending on prospective tenants.

They added, that they did not feel it was fair to be "tied down" to the tentative plans.

Because it was a matter of interpretation, the matter was referred to City Attorney Joseph Bonacina for a ruling at the next meeting.

Bill Helms, assistant city engineer, at the close of the meeting, explained the proposed capital improvements for the city that were recommended by staff. He indicated in his report how the projects rated from a priority point of view on staff level.

The commission is expected to make a priority report on the projects to the City Council prior to the adoption of the final city budget for the fiscal year on June 28.

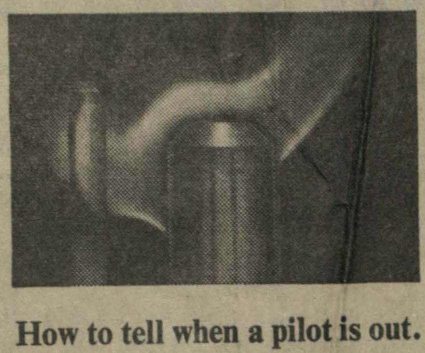
MORE HELPFUL TIPS FROM PG&E

How pilot lights work; and what you can do when they don't.



How to tell when a pilot is out.

You turn on a gas range burner and it doesn't light. Or the furnace won't go on. Or there's no hot water. This probably means the pilot isn't on. A draft may have blown it out.

Gas range pilots.

A gas range usually has more than one pilot. And the location of pilots varies with the brand of gas range. If you're not sure where your pilot or pilots are located:

1. Check your owner's manual.
2. If you can't find it, call us.

If you've found the pilot and it's out, be sure all burners are turned off, allow a few minutes for the air to clear, then touch a lighted match to the pilot opening. The small blue pilot flame should then begin to burn, and the burner should light when you turn on the control. If the pilot or the burner fails to light, call us. We'll send a man out to check it.

Furnace pilots.

If the pilot of any gas heater or furnace goes out, turn off the main burner valve. Allow ten or fifteen minutes for any accumulated gas to clear before re-lighting the pilot. Follow the instructions shown on the equipment. With the pilot re-lighted, the heater or furnace should operate. If it won't, call us.

Water heaters and clothes dryers.

All gas water heaters and dryers of recent make go off completely if the pilot goes out. And just about every model bears manufacturer instructions for relighting the pilot. If you can't get the appliance operating, call us or your appliance dealer.

Leave pilots lit.

Some folks prefer to shut off furnaces and water heaters during the summer, or when they go away on vacation. You'll find it more convenient to turn off the main burner, but not the pilot. When the pilot is lighted, your furnace is ready to work on a cold day. Most water heaters can simply be turned to "PILOT." This position keeps the pilot lighted, but prevents the main burner from heating water.

Gas leaks.

Warning: Never look for a gas leak with a lighted match or candle. Any suspected gas leak should be reported promptly to PG&E. We'll send a service man out to check it.

PG&E is ready to help.

If you call for a PG&E serviceman to check out any gas leak or an inoperative gas appliance, ask him to show you where your gas pilots are located and how to go about relighting them. If repairs or parts are required for an appliance, call an appliance or furnace man.

Your biggest household bargain.

Providing dependable gas and electric service at low rates is our most important job. Since 1961, there have been three major reductions in PG&E rates. Today's PG&E household customer pays less than 30 years ago for the same amount of gas and electricity. PG&E service is a bigger bargain than ever.

DEL MAR Sports

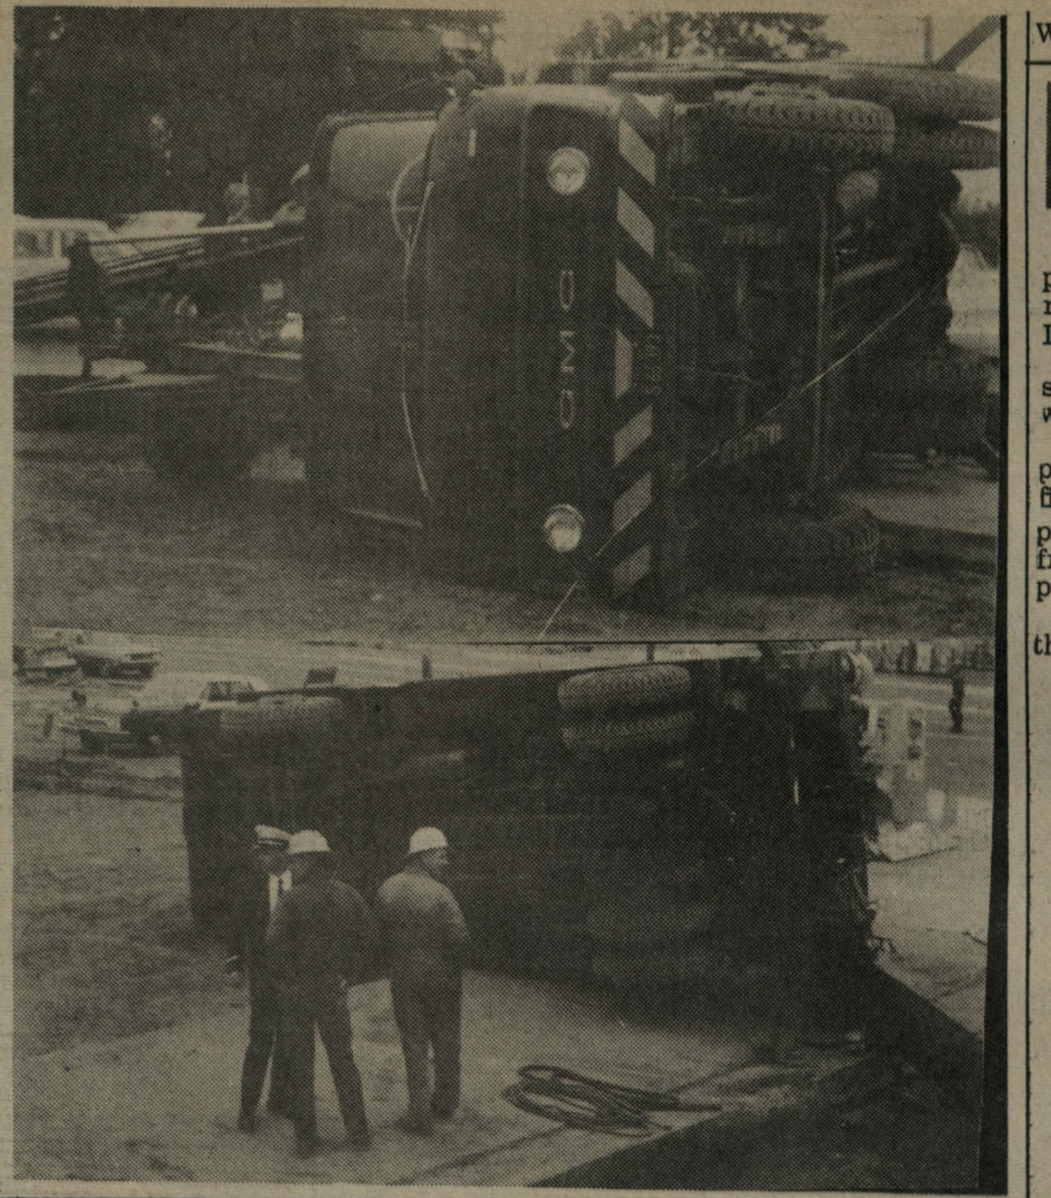
Del Mar's 1964-65 athletic year officially ended on June 2, with the sixth annual Spring Sports Banquet. The ceremonies, conducted in the Del Mar cafetorium, included the usual awarding of blocks to the letter winners in the five spring sports (golf, tennis, track, baseball, and swimming).

During the awarding of the letters, it was announced that Rich Jones had become the only Don in the schools history to earn four varsity letters in swimming, and that four of the Dons' baseball players had been selected to the all-league teams, with seniors Rhett Thompson and Guy Martin named to the first team, sophomore Dick Whitman to the second team, and junior Tony Condensa to the honorable mention group.

The highlite of the evening was the presentation of the six Special Awards. These awards are presented annually to the senior athletes who have proven themselves to be the most outstanding in the various categories. The first award, the Outstanding "B" Athlete Award, went to Tom Jacob, for his performances in "B" football and track. The Most Inspirational Athlete Award went to Tom Greenley, who also won the All Around Athlete Award for having lettered 10 out of a possible 12 times in his four years at Del Mar. The B. Y. Thompson Baseball Award was won by Rhett Thompson for the second year in a row. It is awarded to the outstanding player of the past season.

Thompson, three times all league and once most valuable player in baseball, Todd Hayes, who advanced to the North Coast Section meet in swimming, and Kirk Ladine, the Most Valuable Player in the Central Coast and an Honorable Mention All-American in basketball, were the three seniors named to the Hall of Fame in their respective sports.

Kirk Ladine also received the Perry Memorial Award at the ceremonies, symbolic of the highest achievements in the combined areas of athletics, scholarship, and character.



THE WRONG WAY TO FLY--A power pole proved too much for this PG&E truck during the installation at the new service station at Hamilton Ave. and Bascom on Monday. The photos indicate what happened. The driver of the truck was not injured. The truck ended upside down.

Youngsters have opportunity to go drifting down river

Three exciting seven day expeditions for boys 9-12 and 13-17 years of age have been scheduled for this summer by "Adventures in Recreation" owned and directed by Vic Jansen, of 1552 Jacob Ave., San Jose. One of the adventures includes drifting on a raft down a river.

The most unusual "adventure" is rafting down the Sacramento River. There will be eight expeditions of this type, each limited to eight boys. The first is on July 4-10 and the last on August 22-28.

These expeditions begin at the bus station in Corning where Jansen transports the guests to Woodson Bridge on the Sacramento River. They board "Drifter" a 20' x 8' steel pontoon raft and will drift to Colusa, nearly 100 miles down stream. Jansen calls this trip a "real Huck Finn type rafting adventure".

A prospecting expedition is scheduled June 20-26 which is limited to 24 boys. This begins in San Jose and will go to Sharks Tooth Mountain near Bakersfield and search for these prehistoric relics. Next they go to Panamint City in the mountains, once a rich silver mining area.

A fishing expedition has been scheduled from June 27-July 3, also limited to 24 boys. This begins in San Jose and goes to Chiquita Creek near Yosemite where a pack train is taken.

Jansen, who is assisted by his wife and sons and daughters in the direction of the trips, has been introducing young people to out-of-door adventuring for more than 25 years. They have been active in the Bay Area since 1955.

Registration should be made for the expeditions by June 15. Jansen can be contacted at 1552 Jacob Ave., San Jose (phone 264-0706 evenings and weekends) and will answer any questions and explain what the cost is for each.

Goose grease used to be found in most medicine chests. For a long time, it was a common remedy for chest colds and pneumonia. The high mortality rate of lung patients proves how ineffective this remedy was. Modern medications—particularly the antibiotics—have drastically reduced the death toll of pneumonia victims, shortened hospital stays and relieved untold pain and suffering. So, don't medicate yourself. Let your physician do the diagnosing and prescribing. Then come to us for any medications *he* may recommend.

Youngsters need social security cards for jobs

Every boy and girl will need to have a social security card, if they are to be successful in getting a summer job, according to John J. Cassidy, district manager of the Social Security Administration.

"It is of increasing importance, too," said Cassidy, "that with more and more young people entering the field of agricultural work, they too have a social security number, because the farmer must report the earnings of these young people, also."

Cassidy stresses the absolute need of each applicant having a social security number before he goes looking for a job. He also said that any boy or girl who is unable to come to the office to get the application may phone and an application will be mailed to him, together with a return envelope.

Cassidy said, also, that it takes a matter of 8 or 10 days before account number card is issued. the account number card is issued.

Letters to the Editor

COMMENDS HOSPITAL

Editor,
Campbell Press
Dear Editor:

Too frequently our community service facilities are criticized for trivial mishaps.

Hazelwood School staff has their berets and bonnets off for the Campbell Community Hospital.

A year ago one of our second grade teachers was rushed by ambulance to Campbell Community Hospital and the Mayo brothers assisted by Florence Nightingale could not have performed better than the staff at Campbell.

Two weeks ago the Rosemary School principal was taken to Campbell Community Hospital with very severe burns and from reports we received the Dunes Hotel in Las Vegas has a competitor in Campbell for making people comfortable--Campbell Community Hospital.

This week the Hazelwood School cook was rushed to Campbell Community, losing blood rapidly from a severe hand cut. Once again the hospital staff rallied and performed brilliantly. We commend and "admire Mr. Admire," Hospital Administrator, and the entire staff at Campbell Community Hospital for their dedicated service to the community.

They need not take a back seat even to our fine police and fire department in Campbell.

Gratefully,
Duane Beaubien

OLD SETTLERS

Dear Mr. Vierhus:

Several weeks ago you suggested that some of your readers write in and offer their suggestions as to the improvement of the Old Settler's Day Celebration. I'd had quite a few thoughts about it myself, but I thought I'd wait and let those who had participated more have their say. A couple of weeks have passed and no one has come forward and offered defense, criticism, or suggestion, so I guess it's all right for me to put in my two cents worth.

To begin with, I don't think Old Settlers Day is, in any sense, a community celebration. And frankly, if it isn't something for the entire community, I don't think it's worth anyone's time and effort to continue it.

Years ago, I understand, it was held on February 22nd and the focal point was a picnic-party in Hunt's (or Drew's) Cannery. Everyone took a lunch and there was a dance and games and the like. Well, the focal point is again Hunt's Cannery--or at least the former site of the cannery. And what is the focal point? A Carnival! And where does the carnival originate--well, not in the community, I'll assure you! Unlike most carnivals, this one seems to be a clean one, and I've never heard any complaints about it--but where does the money go that's spent there? It doesn't stay in the community, except perhaps for a small amount made by whatever local group undertakes to pre-sell carnival tickets.

Every service club, youth group, church, social club, and improvement society each year pours a great deal of time, effort, labor, ideas and what-have-you into fund-raising activities all year long. In the long run, the money comes out of the pockets of the poeple of the community--sometimes without the slightest bit of joy on the part of the doers and the done-to.

Well, to my mind, here is the Golden Opportunity to answer every group's need, financially, socially, and in a true community spirit. RIGHT NOW, every group in the community could organize their fund-raising projects for the coming year AROUND THE OLD SETTLER'S DAY CELEBRATION. There could be food booths (There was a strawberry booth this year), and raffles, and games, and pony rides and bazaar items. There could be grab bags and foot-races and every conceivable type of pleasurable fund-raising, in short, our own "carnival."

Every year, a few gallant citizens do ALL the work surrounding the Old Settler's Day. This would bring EVERYONE into the act. And, it just might bring a few outside dollars into the coffers.

Sincerely,
Sally Howe
(Mrs. Milton Howe)

Keeping with this month's theme, "Home Town", Mrs. Nita McIntosh's den put on a short comedy about a Home Town Newspaper. Jim Riva, of Mrs. Dolly Surratt's den, read a short history of Campbell, from Ben Campbell's time up to the present day.

Bob Janes, Regional Representative, was present and spoke of how well the pack had been progressing and stated that with parent cooperation it would continue to progress.

Cubmaster King announced that the pack picnic would be held on June 13th at The Willows in the Santa Cruz Mountains.

The attendance honor flag for the month was awarded to Den 1 and the silver star award for uniform inspection went to Den 5.

Peggy Poulsen, Den Mother to Den 5 received a 1 year service pin and reluctant farewells, as she leaves her den mothership to give full time to her real estate position. The Pack presented her with a gift of appreciation for her fine service and the boys in her den surprised her with a lovely white azaela. Mrs. Florence Seniff will take over Den 5. Other new and welcome den mothers are Mrs. Claire Hammons and Mrs. Donna Grubb.

With the addition of new Den Mothers a new den was started. New Cubs receiving their Bob Cat pins were: Terry Alexander, Mike Botelho, Bob Hammons, Bob Hart, Guy Jessee, Steven McDonald, Terry Morris, Duane White, Larry Grubb and Skip Reed, Jr. Ray Killion was welcomed into the pack as a transfer from Pack 330.

The Bear Badge, which is the last badge of Cubbing was awarded to Mike Luchs and Mark Raines.

A one year service pin was presented to Chris Poulsen. Graduation into the Webelos (the tenderfoot division of Scouting) came to Steven Lopez and Bill Beyer.

No den meetings are planned for the summer, but a picnic and rocket derby are definitely on the agenda.

Pack 379

Pack #379 of Hamilton School watched gaily painted rockets whiz through the air at it's May Pack Meeting.

Mrs. Loretta Harris' Den #4 opened the meeting with the playing of America while the den stood at attention on the darkened stage and flashlights played on the flag.

Bear Badge - Chip Bianchi and Robert Brothers.

Gold Arrow - Martin Aubry, Bill Bagley, Robert Brothers, Phil France, Steve Harris, Norbert Lippert, Tim Mason, Larry Short, and Shane Spano.
